Tokyo AR

Tokyo AR is a free movie player app for smartphones. Enjoy movies and other content by just launching the app and holding your smartphone over an image that has this  mark.

*Note that this app may not run properly depending on your connection conditions or the OS version of your smartphone.

1 Download the "Tokyo AR" app.

Search for "Tokyo AR" in the App Store or Google Play.

2 Launch the app, hold your smartphone over an image, and a movie will be displayed from the image on the paper.

Launch the app, and it focuses when you hold your smartphone over an image that has the  mark.

*Some models of Android smartphones may require the screen to be touched once to focus the camera.

*This app is free to use, but users are responsible for any connection charges they incur when downloading the app itself and when downloading and viewing movies. Please check whether or not you are subscribed to a "packet flat-rate service," and check the rate plan in effect when you are using this app.

*The recommended minimum operating environments for using this app are iPhone 4s, iPad 2 or later (iOS 6.0 or higher); and Android OS4.0 or higher on Android devices.

*Note that this app may not work on some devices.

*After launching this app the first time, please wait about 1 to 2 minutes for the content to be automatically set up.
