

Guide to Minato City's Universal Child Day-Care Program

Minato City offers its own Universal Child Day-Care Program, which provides regular childcare on designated days of the week for children from families raising children at home who are not using educational or childcare facilities. The program aims to offer children experiences different from those at home and promote their development. If you wish to use this program at municipal or private kindergartens, please check the information below and apply.

1. Eligible Children *Children who meet all of the following criteria are eligible.

- (1) Born between April 2, 2023 and April 1, 2024 (2-year-old class age group).
- (2) **Not enrolled in** a kindergarten, licensed nursery school, center for early childhood education and care, community-based childcare service, or corporate-led childcare facility at the time one starts using this program (children attending unlicensed childcare facilities are eligible).

(1) Common Items for Municipal and Private Kindergartens
① Submit one application per child. ② Each child may apply to only one facility. ③ We cannot confirm receipt of mailed applications, so please use a mailing method that allows you to track delivery. ④ Minato City assumes no responsibility for delays or non-delivery of documents due to postal accidents, etc. ⑤ Please configure your email settings to receive messages from the following domain: (@city.minato.tokyo.jp) ⑥ If multiple applications are submitted for the same child, only the most recent application will be considered valid.
(2) Items Regarding Municipal Kindergartens
① Application details such as preferred facility and preferred days of the week cannot be changed after the application period has ended. ② In the event of a lottery, if the children applying are twins and you wish to use the program only if both children can attend together, they will be assigned one lottery number for both. If you wish to use the program even if only one child can attend, each child will be assigned a separate lottery number. Please indicate your preference in the designated section of the application form. ③ Provisional acceptances will become official after an interview. If it is determined that your child is not suitable for group childcare due to health conditions, the provisional acceptance may be canceled. ④ If the child no longer meets the eligibility requirements after applying, provisional and official acceptances will be canceled. ⑤ As a general rule, for the first two weeks of the initial month of use, parent-child attendance will be required as an adjustment period.
