## **Declaration as a City of Peace**

All people are one in wishing to preserve the beauty of the earth and the permanence of world peace. These sentiments will never change.

We are working to build a community dedicated to the welfare of its citizens, while striving for true peace and the preservation of our cultural traditions.

Our duty to the generations that will follow is to hand over into their keeping a society built on the brotherhood of all people and a natural environment that is flourishing and beautiful.

We request our government to abide firmly by the "three nonnuclear principles" (renouncing possession, production, and introduction of nuclear weapons) and appealing to all citizens everywhere to seek the abolition of nuclear weapons. As it is our earnest wish for world peace, we hereby declare Minato City to be a City of Peace.
