- Seawall destruction response drill
- Stopped elevator operations drill

Parent-child lessons on disaster preparedness measures

- Gathering of police motorcycles and fire trucks (tentative)
- Mini fire truck ride experience
- Experience carrying a child on the back or in the arms during evacuation
- Consider means of contacting the family (make a Disaster Prevention Card)

Preparing for disasters

- Disaster preparedness measures for apartments
- Introduction to initiatives by companies providing lifeline services
- Experience using a portable toilet

New Programs

Pet First Aid Instructor's Course on Disaster Preparedness & First Aid for Dogs

- 🐾 This course teaches you how to care for pets during disasters.
- 🐾 The course is held at two venues: Takamatsu Junior High School and the 2nd floor plaza of Takanawa Regional City Office (for lectures).
- 🐾 In the school area, pets must be kept in cages or strollers at all times. At the lecture venue, pets may be taken out of cages/strollers but must be leashed.
- 🐾 Advance registration is required due to limited capacity.
 - ※ Application deadline: Monday, October 28
 - ※ In case of over enrollment, applications will be processed on a first-come, first-served basis.
